

Feel in control with Invacare Colibri®

Introducing the Invacare Colibri®, our lightest and most transportable scooter. Designed to complement your style with a choice of colours and improve your independence.

Compact and easy to drive, this scooter has been designed with a patented Litelock™ system making it easy to transport into the back of your car. The swivel seat makes getting on and off your scooter simple. The Colibri® is

incredibly simple to start and steer. It has been designed to give you a comfortable and safe drive with the ability to manoeuvre in tight spaces.
