

# 5 Year Warranty And Roadside Assist

## Our Carefree 5-year Warranty

Your new ride just got even better. Use your Invacare mobility scooter with total confidence knowing that our industry-leading five-year warranty covers you. The five-year warranty covers failure of goods due to defects in material and workmanship. It does not include batteries, chargers, colour shrouds and accessories, and these items retain the standard one-year warranty.

Regular servicing ensures you get the best performance out of your scooter. Invacare scooters must be serviced annually by an approved Invacare dealer or service representative to qualify for the five-year warranty. You can find more information in our warranty terms and conditions, accessible on our website. Or talk to your local dealer.

## 24/7 Road Service Australia

Invacare offers 1 year free breakdown assistance when you purchase your new scooter. To qualify for roadside assistance customers need to have current and active policies with 24/7 Road Service Australia.

Roadside assistance provides assistance only when:

- Customer has active policy
- Customer has broken down (Mechanical Breakdown ONLY) outside of home

Roadside assistance provides a towing service to bring the scooter home for the customer. They do not offer repairs, do any maintenance, or offer assistance of any kind when the customer is located in their home.

To be eligible you need to ensure your Invacare approved dealer registers your warranty online at the time of purchase. Once your dealer has registered your warranty, you will be automatically signed up for cover and can call 1300 550 279 any time you need to!

For further information call 24/7 Road Services Australia on 1300 550 279.
