2. ASSEMBLY INSTRUCTIONS

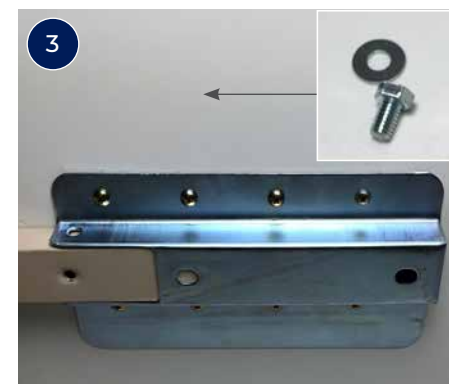

Open the carton carefully. DO NOT USE a box cutter or sharp implement as this may damage the product. For safety, lay the carton on its side with the top of the carton open and slide out the Overbed Table contents.

Insert spacers, 14mm bolts and washers into the mounting plate on the C-shape base (from below).

Locate 14mm bolts into the base of the upright post and tighten. Ensure the upright post is straight on the base plate whilst tightening. Loctite or other fixing agents may be used if required.

Insert upright post table support bar into table top bracket and attach using 12mm short bolts and small washers.

Remove the transportation screw from the upright and your over bed table is ready for use.

3. ADJUSTING YOUR TABLE

To adjust your Overbed Table:

Loosen the fixing knob on the upright post.

With one hand pull and release the quick adjustment lever and move the table up or down until the desired height is reached. Minimal force should be required.

Re-tighten fixing knob to lock in place.

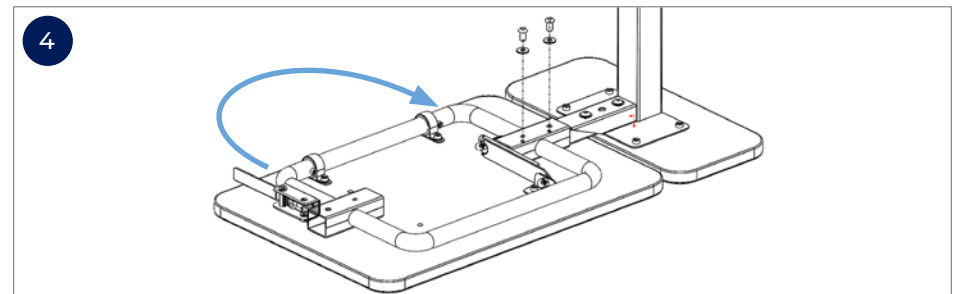

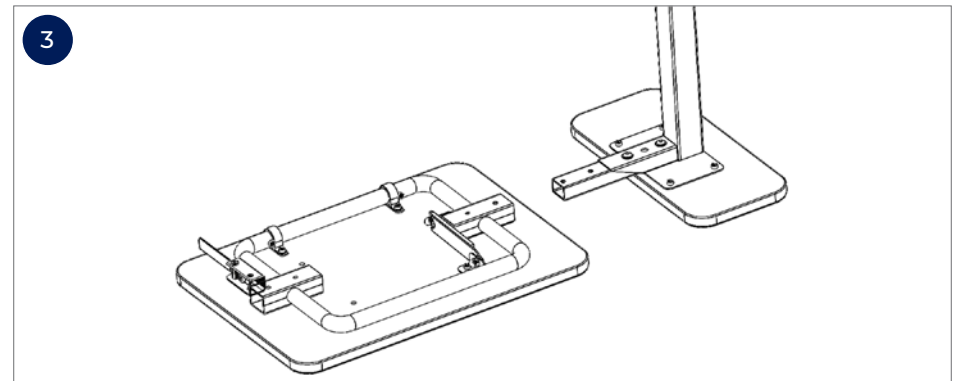

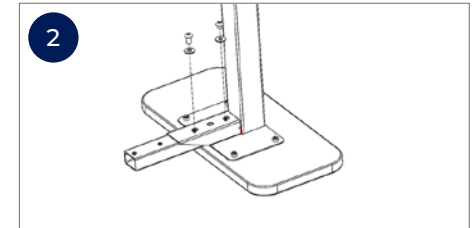

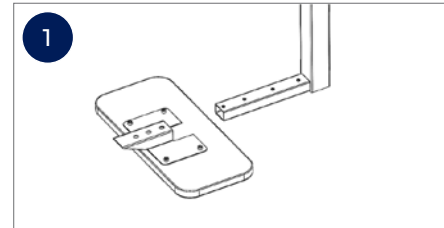

4. ASSEMBLY OF SPLIT TOP OBT (BEA028110)

Tools required

- 5mm Allenkey

Screws and washers required (supplied in the kit)

- 4 x 5/16" Pan head screws
- 4 x 5/16" Washers

PLEASE NOTE table can be configured to left-hand **OR** right-hand design by rotating the split top assembly as shown with arrows **before** assembly
