Gilia

Effortless Pouring, Endless Conversations

1300 000 030 | rehabhire.com.au

Inclusive by Design

The Gilia Kettle is thoughtfully crafted to provide a safer and more accessible way to boil water, catering to individuals with a wide range of needs. Whether you have low vision, reduced hearing, arthritis, hand weakness, the effects of a stroke, or other neurological conditions, the Gilia Kettle is designed to enhance safety, independence, and functionality in the kitchen.

Unique turn and tilt pouring kettle requires no lifting, aiding those with arthritis, hand weakness, and limited motor skills.

360° swivel to position the kettle pourer over the cups for **accurate, no lift pouring**.

Large dual water level indicators for easy monitoring of the water level.

4 temperature settings: 70° | 80° | 90° | 100° for precision temperature control and safety.

Non slip silicone pour pad enables the precise placement of cups for **accurate and safe pouring**.

Visual and audible temperature indicators to assist users with reduced hearing and low vision.
