### Ezyclean®

Ezyclean technology is a ground-breaking feature that offers the highest level of stain resistance. Ezyclean will ensure the easy removal of tough stains using alcohol or bleach solutions. No damage will occur to the appearance of the vinyl even after repeated cleaning, making it the only choice for healthcare and commercial environments.

### Care & Maintenance

Regular cleaning is recommended to maintain the appearance of the fabric and to prevent build-up of dirt and contaminants. Most stains can be cleaned using warm soapy water followed by clean water rinsing. Stubborn stains – for best results treat all stains immediately. Wipe stain with cloth dipped in isopropyl alcohol, rinse with clean water to remove any residual cleaning agent and let dry. Failure to follow cleaning instructions may permanently stain and reduce the the life of the vinyl. Please see Care & Guarantee Specifications.

Designed and manufactured in accordance with the quality assurance system ISO 9001.
