Billy

Instant Hot Water Kettle

1300 000 030 | rehabhire.com.au

Meet "Billy" our Instant Hot Water Kettle!

Enjoy boiling hot water at the touch of a button. With a generous 2.5-litre capacity, Billy is perfect for busy homes, offices, and entertaining. Fast, efficient, and easy to use, it delivers hot water in seconds, no waiting around. The 3-minute boil mode maintains a continuous boil instead of stopping at the first sign of boiling. This extended 3-minute boiling time drives off significantly more chlorine, improves taste, and reduces odour. It's essentially an automatic "dechlorination cycle." Designed with advanced safety features and a sleek finish, it's the hassle-free way to keep hot drinks flowing all day.

Features and Benefits

- Powerful 1200W element for rapid boiling
- Split design for easier picking up
- Removable water tray, easier to clean
- Temperature: 45°C-95°C
- High borosilicate glass cylinder with a 316 stainless steel base
- Quantitative outlet water: 30ml-400ml
- Clear LCD screen with large buttons
- Automatically remembers last settings
- Dechlorination function

Specifications

Length	270mm
